

IONNS - North America

The Conference for Students, by Students

The International OSA Network of Students connects optics and photonics students from all over the world.

IONNS-North America, 24-27 September 2009, Washington, DC, United States

This event is sponsored in part by the SPIE collaborative grant. With their support, the UM SPIE/OSA Student Chapter from the University of Maryland College Park offers an opportunity to earn \$300 USD. Potential grant recipients must meet the criterion listed below:

- Must be registered for IONNS-NA
- Must be a presenter (either talk or poster)

Each applicant must complete the form and submit the application via email to spie-osa-exec@umd.edu on or before August 15, 2009. A notification email will be sent to inform you of our decision. The grant recipient will receive a check during the conference.
